BOMA’S POSITION

BOMA Florida opposes HB 299, which will remove crucial commercial real estate representatives from the Commission.

OPPOSITION TO THIS BILL

It is imperative that a commercial real estate representative remain on the Florida Building Commission (“Commission”). Florida Statutes 553.74 encourages the Building Owners and Managers Association (“BOMA”) to recommend a candidate for consideration to the Commission to represent commercial building owners and managers. Commercial real estate properties are the third largest tax contributor to the state’s revenue and are correspondingly heavily impacted by this proposed review of all code matters. BOMA’s recommended representative has for many years proven himself a key member to the Commission, and Chairman of the Accessibility TAC.

ACTION REQUESTED

BOMA Florida members should aggressively oppose these bills.
